At Bupa, it’s our purpose that makes us different – helping our members to live longer, healthier, happier lives.

We focus on your health, so you can focus on your studies.
HEALTHCARE IN AUSTRALIA

We have been around for 65 years and understand that healthcare can be confusing to new visitors. That’s why we aim to provide the best advice and support to help you find what’s right for your needs.

What is Medicare?
Medicare is Australia’s public healthcare system – for all citizens and most permanent residents. It provides free or subsidised cover for certain healthcare services.

Do I have access to Medicare?
If you’re applying for a student visa, a current student or looking to extend your student visa you will not have access to Medicare.*

The Private Healthcare System
The private system includes health insurers like Bupa, who work with Medicare to provide Australians with access to medical services and health providers.

*Belgian students are covered under the Reciprocal Health Care Agreement with Australia. Visit immi.gov.au/students/health-insurance.htm
Overseas Student Health Cover (OSHC) helps ensure you’ll be covered for the cost of medical treatments if you get sick or have an accident. The Australian Government requires you to have OSHC for the duration of your study period in Australia. When you lodge your visa application with the Department of Immigration and Border Protection you must show proof of your OSHC.

**WHAT IS OVERSEAS STUDENT HEALTH COVER?**

To be eligible for OSHC you must hold a student visa, be in the process of applying for a student visa or be on a bridging visa while applying to extend your student visa. If you are a Norwegian, Swedish or Belgian student you may not need OSHC. Visit immi.gov.au/students/health-insurance.htm OSHC does not provide cover for extended family members, such as your mother, father, brother or aunt.
